Region took the course for biologisation of farming, growth of soil fertility
Program of bioenergy development was elaborated - the production of biogas with usage of waste products of region’s agricultural companies
National research university Belgorod state university

- 8 UNIC
- 23 SSC
- 20 SRL
- 5 CCU
- Industrial Park

21 departments and institutes
32,000 of students
206 of ScDs
829 of PhDs

Belgorod state technological university n.a. V.G. Shukhov

1st rank among architectural-construction HEIs of Russia

- NRI «Nanosystems in science of materials»
- ITC Industrial park
- Business incubator

12 departments and institutes
25,000 of students
400 of PhDs
SCIENTIFIC AND EDUCATIONAL COMPLEX

Belgorod state agricultural academy

- 7 departments
- 4 500 of students
- 122 of PhDs
- Center of agricultural studies
- Agricultural machines test laboratory
- Agricultural park

Technological institute of Stary Oskol (branch of SRTU MRSS)

- 4 departments
- 4 000 of students
- 142 of PhDs
- Laboratory complex
- Industrial park (in construction)

Nominee of «100 of Russia’s best HEIs» award
HEALTH CARE INFRASTRUCTURE

The main purpose - to improve the quality and accessibility of health care

Within the framework of the priority national project "Health" 17 regional target programs, including regional health modernization program for 2011-2012 with total funding - 4.7 billion rubles are being implemented.

Due to improvements in the field of cardiovascular diseases, cancer, tuberculosis, and infant mortality reduction of death rate is registered.

There function:
- Three primary vascular disease departments in the cities of Belgorod, Stary Oskol, Valuyki
- Vascular and cardio surgery centers Regional Hospital, where more than 1,000 people receive treatment each year and more than 700 hi-tech operations are carried out.
